

Offer - Specialized internship in ophthalmology

Academic year 2024-2025

The training

This specialized internship represents an excellent opportunity to benefit from high-quality training under the supervision of Dr. Aurélie Sauvage (ECVO diplomate) and Dr. Florine Narinx (board-eligible resident). The candidate will also work in collaboration with a second specialized intern. He/she will participate in consultations, surgeries, and the care of hospitalized animals (small animals and horses). He/she will also play a key role in student training. The ophthalmology case load is around 1000 cases for companion animals and 300 cases for horses per year, with some cases involving exotic pets. This internship can be considered as a preparatory year for obtaining a residency.

The clinic

Our clinic is fully equipped with cutting-edge technology, providing you with all the necessary tools to diagnose and treat a wide range of ophthalmic conditions, from dogs and cats, horses to exotic animals.

The team comprises numerous European specialists: ECVS, ECVIM-CA, ECVN, ECVDI, ECVA, ECVECC, ECAR, ECVCN, ECVD, ECVO, as well as residents and rotating interns.

Skills

- Holder of a Doctor of Veterinary Medicine degree (or equivalent)
- Completion of a rotating internship in small animals or equine (or equivalent)
- Excellent organizational skills, autonomy, communication skills
- Pedagogical skills towards students
- Familiarity with both horses and small animals
- Proficiency in French (B2) and English

Interested in joining us?

The application package will include a curriculum vitae, a cover letter, and 2 letters of reference. All applicants are encouraged to schedule a visit to the clinic. Selected candidates will be contacted for an interview, during the month of April. The application package should be sent by email (including letters of reference) to Nadine Fis (nadine.fis@uliege.be) before March 31, 2024. For more information, please contact Dr. Narinx (f.narinx@uliege.be).
