

L'Université de Montréal et de votre carrière.

Université de Montréal has more than 10,000 employees and is one of Canada's Top 100 Employers.

UdeM has Canada's 2nd largest student body and ranks among the top five Canadian universities in research, receiving more than half a billion dollars in research funding every year.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Assistant Professor in Veterinary Clinical Pathology Département de pathologie et microbiologie, Faculté de médecine vétérinaire

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for an Assistant Professor position in veterinary clinical pathology. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec with 53 000 inhabitants. The FMV is located 60 km (37 miles) from [Montreal](#), a vibrant city with an international airport and excellent connections to Europe and the USA. The FMV is also within easy reach of the beautiful, historic [Quebec](#) City. The FMV is located off campus, but maintains strong collaborative ties with other faculties of the *Université de Montréal* and other universities within the province. A structured mentorship program is available for newly hired professors.

The professor will work within the clinical pathology laboratory of the *Service de diagnostic* of the *Faculté de médecine vétérinaire*. The clinical pathology service is currently composed of two professors and a full-time clinician, 4 laboratory technicians and two residents. The laboratory possesses equipment with cutting-edge technology enabling to carry out analyses for the veterinary teaching hospital and veterinarians throughout the province of Quebec. The *Service de diagnostic* plays a unique role in veterinary diagnostic in Quebec. It benefits from a stimulating environment where diagnostics and research are closely linked. Moreover, the *Service de diagnostic* is accredited by the *American Association of Veterinary Laboratory Diagnosticians* (AAVLD).

To learn more about the *Faculté de médecine vétérinaire* and to discover its dynamic faculty life, please visit our [website](#).

As a professor, you will have the opportunity to contribute to the excellence of the *Faculté de médecine vétérinaire* through your teaching and your research activities, enhancing the reputation of your discipline and playing an active role in the overall functioning of a renowned institution. As such, you will:

- » Teach students enrolled in the DVM program;
- » Teach and train graduate students;
- » Develop an autonomous research program in an area related to clinical veterinary pathology; collaboration with ongoing research is also encouraged;
- » Participate in the diagnostic services.

To succeed in this role, you must have the following qualifications:

- » Doctor of Veterinary Medicine (DVM) degree or equivalent;
- » Diplomate (or be in the process of obtaining the certification) of the American College of Veterinary Pathologists or the European College of Veterinary Clinical Pathology;
- » M.Sc. or Ph.D. degree in a relevant field (or in the process of obtaining the degree);
- » Be eligible to practice veterinary medicine in the province of Québec (Canada) or obtain a license to practice if necessary; license is issued by the [Ordre des médecins vétérinaires du Québec](#);

- » An adequate knowledge of the French language, written and spoken, **or** a strong commitment to mastering the proficiency level required, in accordance to the Language Policy of [Université de Montréal](#). An institutional learning support program is offered to all professors wishing to learn French or to improve their communication skills.

How to submit your application

All candidates are asked to submit a letter of intent detailing their research interests and career objectives, as well as their curriculum vitae, a copy of their diplomas, and the full name and contact information (phone numbers, email, address, fax number) of 3 referees. Applications should be sent to:

Dr. Christian Bédard, DVM, M.Sc., Dipl. ACVP (Clinical Pathology)
Chair, Department of Pathology and Microbiology
Faculté de médecine vétérinaire, Université de Montréal
3200, rue Sicotte, St-Hyacinthe (QC) J2S 2M2
Phone: 450-773-8521, extension 8519
Email : christian.bedard@umontreal.ca
Website : : <http://fmv.umontreal.ca/faculte/departements/pathologie-et-microbiologie/>

Additional information about the position

Université de Montréal is strongly committed to fostering diversity and inclusion. Through its [Equal Access Employment Program](#), UdeM invites women, Aboriginal people, visible and ethnical minorities, as well as persons with disabilities to send their application. We will –confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it. We also welcome applications from candidates of all orientations and sexual identities. All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

Université de Montréal's application process allows all members of the Professor's Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
